

## **REQUEST FOR QUALIFICATIONS ENGINEERING SERVICES**

### **COMPREHENSIVE STUDY OF THE ROADWAY DRAINAGE SYSTEM AND NATURAL WATERWAYS IN THE CITY OF HOPKINSVILLE, KENTUCKY.**

The Hopkinsville Surface and Stormwater Utility is seeking a professional engineer to comprehensively study the city's roadway drainage systems as it relates to dewatering, outlet ditches, culverts, road structures and under drains. The study shall also address the natural waterways defined as ditches, creeks, and river tributaries. The final document will provide an overall assessment of the city's drainage system which will outline projects ranked by order of importance and provide an opinion of probable cost and funding sources.

The Request for Qualifications packets may be requested by contacting Mr. Steven R. Bourne, Manager, Hopkinsville Surface and Stormwater Utility, 711 S. Main St., Hopkinsville, KY 42240, phone number 270-887-4035.

Deadline for the submission is September 15, 2025.

Hopkinsville Surface and Stormwater Utility is an Equal Opportunity Employer
